

Special Alert

LOOKING FOR SCIENCE PROFESSIONALS AS JUDGES TO SUPPORT THE SCIENTISTS & ENGINEERS OF TOMORROW

Event: The New York Metro The Junior Science and Humanities Symposia (JSHS) Symposium
 Location: **Columbia University, Alfred Lerner Hall, 2920 Broadway, New York, NY 10027**
 Day: Sunday, March 16th 2008.
 Request: Judges in different science categories

The Junior Science and Humanities Symposia (JSHS) is a Prestigious Program, which promotes original research and experimentation in the sciences, engineering, and mathematics at the high school level to all students attending a Public, Private, or Parochial high schools (Grades 9-12) and publicly recognizes students for outstanding achievement. Students enter the competition by submitting an application describing research they have conducted in different categories including the behavioral and social sciences, biological sciences, chemical and physical sciences, engineering, mathematics, and technology.

By connecting talented students, their teachers, and research professionals at affiliated symposia and by rewarding research excellence, JSHS aims to widen the pool of trained talent prepared to conduct research and development vital to our nation. This is an excellent opportunity for scientists and science professionals to engage in a dialogue with the city's best and brightest future scientists and engineers. It is also a great way for high school students to meet professionals who share common interests outside of the classroom. And give them hope.

The New York Metro JSHS Symposium is now being organized and *sponsored by Harlem Children Society (HCS) in close association and collaboration with the Academy of Applied Sciences*. Already over 260 of the best students have been pre-screened.

WE REQUEST YOUR PARTICIPATION TO SERVE AS A JUDGE IN ANY OF THE CATEGORIES IN THIS WORTHWHILE VENTURE.

The Symposium will be held in the Lerner Hall of Columbia University (2920 Broadway, NYC 10027) on Sunday, March 16th 2008. This exciting event will showcase some of our brilliant future scientists, engineers and doctors in New York. So please come and support this marvelous venture. Apart from the presentations we plan to have exciting events and entertainment planned.

The top THREE awardees will be invited to attend the National Science and Humanities Symposium in Florida. The winners in each category will receive monetary awards and finalists will be selected for significant awards, including undergraduate scholarships, and participation in the London International Youth Science Forum, at London University in the U.K.

Please feel free to contact HCS at 646 643 8563 or Email at bhattacs@harlemchildrensociety.org if you have any questions and one of our staff will gladly assist you. You may also choose to look at our website <http://www.harlemchildrensociety.org/jsbs/index.html> for further details.
